

GUIDELINE FOR FILING PETITIONS ELECTRONICALLY

Petitions may now be filed via electronic mail. In addition to being able to file a petition electronically, you may also opt in to receive service and notice of the proceedings in your case electronically, rather than through the mail. You are not required to accept service and notice electronically and may choose not to opt in and instead receive service and notice by mail. If you would like to opt in to receiving service and notice electronically, you may do so by filling out the [Opt In to Receive Service and Notice Electronically form](#) and sending it in with your petition.

IMPORTANT NOTES

2. A complete copy of the Order or Letter Determination you are appealing.

If you are representing yourself, you do not need to submit any other forms to file your petition with the Board. (Please follow steps 1-9 below.)
